POWER SOLUTIONS FOR OPEN COMPUTE & DATA CENTER

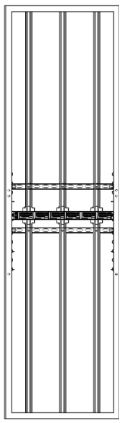

Modular, Scalable, High Density and Titanium Efficiency Products

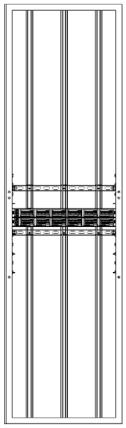

V2
Dual Power Zone
(18kW)

OCP Compatible Power Shelf

V1 (1OU)
Single Power Zone
(18kW)

V1 (2RU)
Dual Power Zone
(36kW)

Features:

- Fits 19" & 21" in OCP V1 & V2 Specifications
- 1OU & 2RU power shelves
- Up to 18kW without redundancy
  - 15kW, N+1 redundancy
  - 9kW, N+N redundancy
- 12.3V 3KW Titanium Efficiency Power Supply (PSU)
- ATS (Automated Transfer Switch) modules
- RMU (Remote Management Unit)
- Battery Backup Units with Shelves
- Flexible Input Configuration (Single or 3-Phase AC, HVDC)
- Hot Swappable

muRata
INNOVATOR IN ELECTRONICS

Power Shelves

MWOCES-191 Series

- Fits 19" EIA & 21" OCP rack
- Up to 6 PSUs 15kW (N+1) per shelf
- Single phase, 3-phase and HVDC input
- 2 AC outlets for additional input to ICT equipment

MWDCES-191-C
(12V 1RU)

MWOCES-191-M-B
(54V 10U)

*Other configurations are available.

MWOCES-192 Series

- Fits 19" EIA & 21" OCP rack
- Up to 6 PSUs 15kW (N+1) in 2RU height
- Single phase and 3-phase input
- 6 AC outlets for additional input to ICT equipment

MWOCES-192-A

MWOCES-192-M
(NEW)

*Other configurations are available.

MWOCES-211 Series

For 12V Power Shelf:

- Fits 21" OCP V1 & V2 rack
- Provides max. power of 15kW (N+1) in 1OU compact size
- Up to 6 x 3kW PSUs per shelf

(NEW) For 50V/ 54V Power Shelf:

- Fits 21" OCP V3 rack
- Provides max. power of 18kW (N+1) in 1OU compact size
- Up to 6 x 3.6kW PSUs per shelf

MWOCES-211-G
(NEW)

MWOCES-211-P
(NEW)

*Other configurations are available.
