

# Product line card

*Components & modules*

# Product line card

## Modules

- Bluetooth® modules
- BluetoothSmart® modules
- WiFi™ modules
- WiFi™ + Bluetooth® modules
- HyperMesh / FHSS
- IEEE 802.15.4 standards-based modules
- WirelessHART modules
- MAGICSTRAP® RFID IC modules
- Ionizer modules
- Active oxygen module (Ozonizers)
- Wireless power transmission modules

## RF Components

- Isolators
- Baluns
- Couplers
- Matching devices
- High Frequency coaxial connectors
- Single layer microchip capacitors
- Duplexers
- SAW resonators
- Switch
- Front-end module
- Thin film circuit substrate RUSUB®

## Noise Suppression Products / EMI Suppression Filters

- Noise suppression filters EMIFIL® (chip and lead type)
- Common mode chokes (chip and lead type)
- AC line filters
- Microwave absorbers
- ESD protection devices
- Ferrite cores

## Inductors (coils)

- Inductors for power circuits (power and choke)
- RF inductors
- Inductor and transformer for DC-DC converter

## Power devices

- AC-DC power supplies
- DC-DC converters
- $\mu$ DC-DC converters
- Wireless power transmission modules

## Capacitors

- Monolithic ceramic capacitors
- Polymer aluminum electrolytic capacitors
- Electric double layer capacitors (Supercap)
- Single layer microchip capacitors
- Variable capacitors
- Trimmer capacitors

## Timing devices

- Ceramic resonators CERALOCK®
- Crystal units
- Crystal oscillators

## Sensors

- Pyroelectric infrared sensors
- Ultrasonic sensors
- Magnetic pattern recognition sensors
- Magnetic switches (AMR sensors)
- Shock sensors
- Rotary position sensors
- Pressure sensors
- Optical sensors
- Temperature sensors (Thermistors)
- Accelerometers
- Inclometers
- Gyro sensors
- Digital panel meter
- Barometric pressure sensors
- Proximity ambient light sensors

## Thermistors

- NTC Thermistors for temperature sensing/temperature compensation, for inrush current suppression
- PTC Thermistors (POSISTOR®) for overheat sensing, overcurrent protection and inrush current suppression

## Filters

- Ceramic filters CERAFIL®
- Crystal filters
- Dielectric filters GIGAFIL® (Duplexers)
- Dielectric filters GIGAFIL® (BPF)
- LC filters

## Sound components

- Piezoelectric sounders
- Piezoelectric buzzers
- Piezoelectric diaphragms

## Substrates

- LTCC multilayer substrates LFC®

## Micromechanics

- Micro blower
- Piezoelectric actuator

## RFID / NFC

- Smartphone-readable NFC tags
- HF & UHF RFID tags
- RFID/NFC tags for smart plastics
- UHF RFID tag for clothing

## About Murata

Murata is a leading manufacturer of electronic components, modules, and devices. The complete range includes ceramic capacitors, resistors/thermistors, inductors/chokes, timing devices, buzzers, sensors and EMI suppression filters. Whilst the company is known as a global ceramic capacitor manufacturer, it is also a world leader in Bluetooth® & WiFi™ Modules, board-mount DC-DC converters and is a key manufacturer of standard and custom AC-DC power supplies.

Established in 1944, Murata is headquartered in Japan and has European offices in Finland, France, Germany, Hungary, Italy, the Netherlands, Spain, Switzerland and the UK.

## my Murata

The new 'my Murata' portal is designed to respond to your individual needs. This space acts as a conference room in which you and Murata can meet.

Focused on products and solutions, this service provides you with the information you need - quickly. Our aim is to make you will feel like you have a Murata salesman or engineer at your side.

my Murata portal site

## Murata catalogues, samples & design tools

We offer a general Murata Products catalogue and a range of detailed catalogues and application guides which describe our substantial product line up.

If you are interested in receiving a copy please send an e-mail to: [info@murata.eu](mailto:info@murata.eu) or visit [www.murata.com/products/catalog/index.html](http://www.murata.com/products/catalog/index.html)

### Samples and design kits

Please contact your local sales representative for samples and design kits or send an e-mail to: [info@murata.eu](mailto:info@murata.eu).

### Design tools

Murata offers technical support that includes a comprehensive set of software tools to simulate virtually any circuit condition for the demands of many applications. Visit: [www.murata.com](http://www.murata.com)

### Get the latest product information

You can find out about the latest ceramic capacitor product lines, updated regularly as well as some unreleased product information, exclusively available on 'my Murata'. Plus much more...

### 'my Murata' knowledge exchange

To get feedback from the engineering community post your questions onto the 'Forum' which is provided to allow customers with similar experiences to exchange ideas and knowledge through discussions with Murata engineers. Find product specifications, mounting know-how, noise suppressions solutions, plus much more...

### Enhanced design tool

Simulate the characteristics of Murata products using the enhanced version of our 'SimSurfing' software available on the 'my Murata' portal.

## ⚠Note

### 1 Export Control

*For customers outside Japan:*

No Murata products should be used or sold, through any channels, for use in the design, development, production, utilization, maintenance or operation of, or otherwise contribution to (1) any weapons (Weapons of Mass Destruction [nuclear, chemical or biological weapons or missiles] or conventional weapons) or (2) goods or systems specially designed or intended for military end-use or utilization by military end-users.

*For customers in Japan:*

For products which are controlled items subject to the "Foreign Exchange and Foreign Trade Law" of Japan, the export license specified by the law is required for export.

2 Please contact our sales representatives or product engineers before using the products in this catalog for the applications listed below, which require especially high reliability for the prevention of defects which might directly damage a third party's life, body or property, or when one of our products is intended for use in applications other than those specified in this catalog.

- ① Aircraft equipment
- ② Aerospace equipment
- ③ Undersea equipment
- ④ Power plant equipment
- ⑤ Medical equipment
- ⑥ Transportation equipment (vehicles, trains, ships, etc.)
- ⑦ Traffic signal equipment
- ⑧ Disaster prevention / crime prevention equipment
- ⑨ Data-processing equipment
- ⑩ Application of similar complexity and/or reliability requirements to the applications listed above

3 Product specifications in this catalog are as of March 2014. They are subject to change or our products in it may be discontinued without advance notice. Please check with our sales representatives or product engineers before ordering. If there are any questions, please contact our sales representatives or product engineers.

4 Please read rating and ⚠CAUTION (for storage, operating, rating, soldering, mounting and handling) in this catalog to prevent smoking and/or burning, etc.

5 This catalog has only typical specifications. Therefore, please approve our product specifications or transact the approval sheet for product specifications before ordering.

6 Please note that unless otherwise specified, we shall assume no responsibility whatsoever for any conflict or dispute that may occur in connection with the effect of our and/or a third party's intellectual property rights and other related rights in consideration of your use of our products and/or information described or contained in our catalogs. In this connection, no representation shall be made to the effect that any third parties are authorized to use the rights mentioned above under licenses without our consent.

7 No ozone depleting substances (ODS) under the Montreal Protocol are used in our manufacturing process.
